MOVED TO PERRY BLOCK, Corner Hotel and Nuananu Streets.  
NEW STORE, NEW GOODS,  
and everything just as represented

# CLAVERING ATTACHED

Under Libel for  
Salvage of  
\$50,000.

J. D. Spreckels & Bros.  
Company Brings  
Proceeding.

Claim Is Based on Services of  
Tugs Fearless and Charles  
Counselman.

J. D. Spreckels & Brothers Company, a California corporation, by its attorney-in-fact, W. M. Giffard, late yesterday afternoon filed a libel in the United States District Court against the steamship Clavering, now lying at the port of Honolulu, her tackle, apparel, furniture, engines, boilers, machinery, boats, appurtenances and cargo, laden on board of said steamship, whereof David D. Barton is master, and against all persons intervening for their interests therein, in a cause of salvage, civil and maritime.

The libellant claims \$50,000 as the value of salvage services rendered to the steamship Clavering as related in the libel. Holmes & Stanley, Smith & Lewis and R. W. Breckons are proctors for libellant.

Such services were rendered by the tug Fearless, of which libellant is owner, and the tug Charles Counselman, of which it is the charterer. The tonnage of the Fearless is 167.30 tons, she is alleged to be well equipped in every respect for salvage purposes, and her value is stated to be \$75,000. The tonnage of the Charles Counselman is 123 tons, she is also stated to be well equipped for salvage purposes, and her value is given as \$60,000 or thereabouts.

The tonnage of the Clavering is stated as 2155 tons net register, her value \$350,000, that of her cargo \$150,000 and of 2000 tons of coal on board \$15,000. It is related how the Clavering stranded on the reef outside of Honolulu harbor on the night of Sunday, July 19, and that the Charles Counselman went out to offer relief at 1:30 a. m. on the next day, followed by the Fearless. Both tugs pulled on their hawsers attached to the Clavering from 5:25 a. m. on the 20th of July to 3:15 p. m. the same day, when the Clavering through their efforts floated into deep water. It is claimed that the tugs did all of the work, excepting for the assistance of the U. S. S. Iroquois from 2:20 to 2:45 on the day mentioned.

It is prayed that the court may decide what proportion of the value of the Clavering and her contents should be awarded to libellant for salvage, and that the vessel and all belonging thereto be condemned and sold to pay the award and all costs of the proceedings.

Marshal Hendry attached the Clavering under the libel. It is probable a bond will be given without delay for her release, so that she may proceed on her voyage to Mexico.

The suit came sharp on the heels of Captain Barton's refusal to pay salvage of \$50,000 on a demand jointly made in behalf of the Fearless and the Counselman.

## NEW GRILL AND BEER GARDEN OPENS

Just at noon today the new Palace saloon at Richards and Merchant streets will be thrown open to the public. Elaborate preparations have been made for the event.

The building where the place of refreshment is located was built especially for this purpose, and it is of course admirably fitted for just what is intended—a place of retreat during the hottest part of day. It is particularly convenient to the Capitol and Judiciary buildings, and once the Grill room is opened on the second floor there will be nothing found wanting in warm weather. In the rear of the saloon also is to be a beer garden, a shaded nook with foliage and booths for small parties, which in the evening will be illuminated by thirty incandescent globes of many colors.

The saloon room is neatly and cleanly furnished with handsome mirrors and a number of new oil paintings. The latter are by John Herron. Here will be served all the best mainland and home brews. For the man in a hurry there will also be a lunch of good wholesome food which will be served right in the bar room. Today as an opener roast turkey will be on the bill of fare, and there will always be some delicacy to tempt the hungry man. Soup, coffee, vegetables, etc., will also be served with drinks.

On the second floor is the "Delmonico Grill" which however is not to be opened for several weeks. The Alameda will bring the furnishings for the grill. There is a large dining room and two small dining rooms for private parties. All the delicacies of the season will be kept constantly on hand, every steamer from the coast will bring something to be served at the Grill. One of the best chefs in the city has been engaged to take charge of this part of the establishment and nothing will be lacking for the accommodation of the guests of the house. The California Market is also in the same building, fronting on Merchant street. This is under the same management and has already won much

patronage, having been open for several days. Every steamer brings fresh fruits and vegetables for the market and the island markets are also drawn upon to fill the demand. Apples, peaches, pears, mandarins, alligator pears, pineapples and a dozen and one other fruits and vegetables are always on hand as well as eggs, butter, cheese, etc. This business is a succession of the one conducted by the late D. G. Camarino and every want of the daintiest epicure will be supplied.

The opening of the saloon at twelve o'clock today will be an event. For the occasion the place has been decorated with flags—Hawaiian and American. One large flag is of some historic interest, having been presented to the late D. G. Camarinos twelve years ago by the officers of the United States war ship Baltimore. The place has been stocked with every conceivable variety of drink and there will be besides an elegant lunch served to all guests on the opening day, and on subsequent days as well.

The "Palace" was built by John Bowler for a grill and beer garden. The cost of the structure complete is \$4,500. The finishing touches were put on yesterday with the addition of one hundred and seventy foot sidewalk of cement.

O. N. Clark is the proprietor of the new grill and saloon. The place will be managed by C. H. Brown the well known caterer. Jack Weday, the champion pugilist, will dispense the liquid refreshments.

## WHAT THIS MAN SAYS

Only Reechoes the Sentiment  
of Thousands in Our  
Republic.

The Honolulu reader is asked to thoroughly investigate the following. This can readily be done as the gentleman whose statement is published below will be only too pleased to give minute particulars to anyone enquiring out of idle curiosity but if the enquirer really suffers from any of the consequences which always attend weakened or inactive kidneys. Read carefully what this gentleman has to say:

Mr. J. D. Conn, of this city, is a carpenter by trade, and is employed at the Oahu railroad. "I was troubled," says Mr. Conn, "with an aching back. The attacks occurred periodically for years, and especially if I happened to catch cold. There were also other symptoms which plainly showed that my kidneys were out of order. A short time ago, I heard about Doan's Backache Kidney Pills and the wonderful things they were doing.

Proceeding, then, to Hollister & Co.'s drug store, I obtained some of these. Since taking these pills there is a great improvement in me. I always keep some of the pills on hand now so as to be provided for any contingency. I feel sure if anyone troubled as I was should give Doan's Backache Kidney Pills a fair trial they will not fail to be benefited by them."

Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., Honolulu, wholesale agents for the Hawaiian Islands.

Remember the name, Doan's, and take no substitute.

## REBEC'S LECTURE TO SUMMER SCHOOL

Professor George Rebec lectured at the Summer School yesterday upon "Freedom and Authority in the School." The lecturer drew a distinction between political and personal freedom as applied both to the school and the world at large. Referring to an article in the London Spectator relative to the English government in India he said that the Hindus enjoyed more personal freedom through Great Britain, even though deprived of political freedom, than they would have had they been left to their own government.

Professor Rebec contended that social freedom could not be determined by political freedom. Referring to the stand taken by the United States in the Philippines he spoke of the possibility of it being similar to that of the British in India. "It is going to be true of our own rule in the Philippines unless we take great care," he said.

He said psychologically it was not right to take away the self dependence of a people even though they are made free in other respects. Better development was possible by giving political freedom as opposed to personal freedom. This did not carry with it the enfranchisement of all. That could come later.

Professor Rebec traced the history of thought from ancient time to the middle ages, showing that the ancients in their philosophy dealt more with political freedom, often stifling personal freedom. The Greeks rather worked for rounding out the state than for the freedom of the individual. This line of thought was carried on through the centuries until it culminated in the nineteenth century with entire political and personal independence in the United States.

## HAWAIIAN PRO- MOTION COMMITTEE

"The Hawaii Promotion Committee representing the Territory of Hawaii, the Chamber of Commerce and the Merchants' Association," was yesterday chosen formally as the title under which the Tourist Committee will carry on its work.

The committee has taken as its headquarters the store room in the Alex. Young building, fronting on Hotel street and its preparation for the uses to which it will be put is now going forward. The room has been leased for one year with the privilege of renewal for a longer period.

The committee selected Thursday as its regular meeting day, and each week the members will gather to discuss the work. Arrangements for immediate advertising and printing were made.

# SCHEDULE BASEBALL GAME POSTPONED SEVERAL WEEKS

At a meeting of the Baseball League yesterday afternoon the game between Kamehameha and the Elks, which was scheduled to take place today, was postponed until the end of the season, Sept. 26. This move was taken on account of the Kams. Five of their men are laid up and as there are only eleven available men on their team, it is impossible for them to think of playing. The meeting was held in Elks' Hall yesterday at 5 p. m. President Isenberg was in the chair and Lorin Andrews was present. Among those representing the teams were Steere and Carter of Punahou, Lucas and Kiley of the Malles, Murphy and "Sonny" Cunha of the Elks, and Lemon of Kamehameha.

Upon the meeting being called to order by President Isenberg, Lemon arose and asked that the game between his team and the Elks be postponed, as the Kamehameha pitcher and four other men of their regular team were laid up with the dengue. There was some discussion as to whether the game shouldn't be played anyway with whatever men could be picked up, some of the members claiming that inasmuch as the Elks forfeited a game earlier in the season, that the Kams should not be allowed to postpone the game scheduled for today. However this case was thought to be different from the former one, and when the vote was taken the majority were in favor of putting today's game at a later date. It was therefore voted that the game be played after the ending of the regular schedule of games. As a consequence there will be but one game played today, between Punahou and the H. A. C. and it was further agreed upon that the game should commence at 3 p. m. The question of umpires was next brought up. The by-laws of the League state that there shall be two umpires, but for several games, Bowers has been doing all the work himself, Newton not being able to be present. As it was not known whether Newton would resume his umpiring, Mr. Murphy was appointed a committee of one to interview him and find out definitely what he intended to do.

After this matter was settled letters were read by the secretary from the managers of the ball teams at San Francisco, Oakland and Sacramento asking what inducements could be offered by the local aggregation of ball players towards the bringing of a Coast team to Honolulu at the close of the season. One of the managers said that his team would be willing to come if the expenses were guaranteed. No action was taken at the meeting yesterday towards answering the letters, and the whole matter was referred to a committee consisting of Kiley, Steere and Cunha, who will look into the matter and report to the League.

The meeting then adjourned. The game today between Punahou

and H. A. C. should be a fast one. The H. A. C. team put up a good game last Saturday, and the Punahou have been practicing industriously for the two weeks that they have not been playing. There will be a change in the make up of their team. M. Robinson, the Punahou catcher, has gone to Molokai on a hunting trip and will not be back in time to play. Hemenway, who caught earlier in the season, will probably be behind the bat. Castle will pitch.

## Cricket This Afternoon.

"Scotland Forever" and "Rest of the World" will have a cricket match at Makiki at 2:30 this afternoon. The teams are:

Scotland—R. Anderson, captain; D. W. Anderson, J. Anderson, H. Birkenmyre, J. L. Cockburn, G. S. Gray, D. Glass, Mr. R. Jannson, J. C. McGill, D. McIntyre, M. McIntyre.

World—R. A. Jordan, Miles, Gill, T. Clive Davies, Wills, Beardmore, Goldberg, Hatfield, Johnson, Harwood, Stanley.

## PLEASING RESULTS

always follow the use of Newbro's Herpicide, the new scientific cure for dandruff and falling hair. It possesses certain properties that kill the germ or microbe that causes all the trouble by sapping the oil out of the hair bulb. With this parasite destroyed, dandruff and the falling hair cannot exist. A thick, soft growth of hair springs forth where formerly thin, brittle hair, or perhaps total baldness held sway.

One bottle will convince you of its merits.
